- **Madalia, Vinally; Herron, Emilie; Wayman, Maddie; Roberson, Napoleon; Coday, Rachel**

Nurse Resident Cohort 38: In staff who wear Vocera badges, what impact would education on manufacturer-recommended cleaning guidelines have on staff compliance with Vocera cleaning?

- **Schaubroeck, Maddie; Marshall, Stephan; Fernandez, Maria; Todd, Katelyn**

Nurse Resident Cohort 39: In 5 main staff, what effect would an educational intervention have on staff knowledge and willingness to participate in a language assessment test for staff?

- **Patterson, Luke; Shaw, Joshua; O'Malley, Kyoko, Deupree, Amie; Glaze, Jeanette**

Nurse Resident Cohort 39: In neonatal ICU nurses, what effect would an education bundle have on nurse knowledge of mandated reporting steps and expectations?

- **Ruybal, Natalie; Murphy, Morgan; Weinstein, Grayson; Darrow, Maddy; Moore, Sydney**

Nurse Resident Cohort 39: In neonatal intensive care nurses caring for diapered patients with central lines, what impact would staff education on the "diaper protocol" have on reducing the number of CLABSIs associated with GI pathogens?

- **Owen, Ainsley; Sadley, Alden; Ozburn, Allie Grace; Duinick, Halle; Lyde, Scheerstyn**

Nurse Resident Cohort 39: In neonatal intensive care unit nurses, what impact would an in-person education event have on nurse confidence in their ability to recognize signs of postpartum depression and comfort with finding resources?

- **Russell, Kayli; Matzke, Shiloh; Martin, Megan; Parks, Katie; Juarves, Earn**

Nurse Resident Cohort 39: In neonatal intensive care unit staff, what impact would an interdisciplinary mock code simulation have on staff confidence and competence in their ability to appropriately respond in an emergency?

- **Kim, Andrew; Wilson, Isaac; Ibarra, Landen; Skaggs, Dana; Eicholtz, Chloe**

EVIDENCE-BASED PRACTICE PROJECTS

Nurse Resident Cohort 39: In pediatric nurses caring for adolescents with chronic diseases, what effect would a case study video series on medication compliance have on nurse confidence in their ability to identify adherence barriers and provide resources?

- **McCuller, Kaci; Creacy, Brooke; Lazcano, Yamira; Mehren, Madeline; Garcia, Myah**

Nurse Resident Cohort 39: In pediatric nurses caring for patients requiring an NG tube, what impact would the creation of an NG insertion comfort menu have on nurses' perception of patient tolerance during insertion?

- **Tigabu, Effe; Amoasi, Keziah; Bass, Arianna; Gregory, Zoe; Taber, Grace**

Nurse Resident Cohort 39: In pediatric nurses in the intensive care unit (PICU, CICU), what effect would education have on nurse knowledge of hematology lab draw process from an arterial line and rejection rate for assumed erroneous labs?

- **Hanson, Jessica; Rudolphi, McKenna; Phillips, Hallie; Cox, Grace; O'Hanlon, Robin**

Nurse Resident Cohort 40: For family caregivers on 5ST, what impact would a evidence-based safe medication storage screening and education tool have on their knowledge and confidence in following of safe medication storage practices?

- **Bruner, Lillian; Downs, Ansley; Fairman, Abby; Kizer, Lauren; Davis, Julia**

Nurse Resident Cohort 40: For pediatric patients receiving more than one bag of blood, what impact would an evidence-based IV tubing change education have on nurse knowledge and confidence?

- **Leigh, Mackenzie; Amoah, Raisa; Nguyen, Courtney; Guevara, Megan; McNeil, Destiny; Surginer, David**

Nurse Resident Cohort 40: In pediatric nurses on the hematology/oncology unit, what impact would a narcotic waste disposal bin have on nurses' compliance with federal regulations on safe narcotic/medication disposal?

- **Alexander, Kacie; Crow, Julie; Mitchell, Lauren; Ganis, Sydney; Blevins, Emma**

Nurse Resident Cohort 40: In pediatric nurses, does education with the use of simulation improve nurse comfort and willingness to give and receive delegated tasks?

- **McKeen, Meagan; McBee, Cassie; Martin, Azaria; Salamanca-Castanda, Carina; Salazar, Michael**

Nurse Resident Cohort 41: For NICU nurses, would an educational intervention focused on kangaroo care for babies in the minimal stimulation period increase comfort, knowledge and willingness?

- **Tara Bowman, Mallory Pittman, Maggie Laferney, Jacob Valdez, Aubrey Largent**

Nurse Resident Cohort 41: For novice nurses in the nurse residency, would access to a standardized report sheet result in decreased anxiety, time, or improved perception of report quality/completeness?

- **Cristina Perez, Jessica Baugh, Deedee Kelso, Salma DeReza, Grace Trim**

EVIDENCE-BASED PRACTICE PROJECTS

Nurse Resident Cohort 41: For patients >30 days in the NICU, would use of an infant pain scale compared with N-PASS impact pain scores and appropriate treatment?

- **Allie Treadwell, Macie Asbell, Paige Christie, Haylie Bowman, Kaylee Cunningham, AnnaJoy Bazaldua**

Nurse Resident Cohort 41: For pediatric patients scheduled for surgery, would a "peri-op menu" improve collaboration with families and decrease reported frustration and anxiety?

- **Courtney Johnson, Savannah Hathcock, Falyn Gilley, Ami Busari**
